

Coaching Institute Enrollment Workflow

Domain: Education Technology

Problem Solved	Coaching institutes manually handle student inquiries and admissions consuming staff time, causing errors and limiting operations to business hours -- losing potential students who inquire at night.
Prompt Used	<i>Workflow: Inquiry and Enrollment Bot. Trigger: Hi/Hello. Step 1: Display Inquiry/Admission buttons. Step 2: If Inquiry -- ask details needed. Step 3: Respond accordingly. Step 4: If Admission -- collect all details. Step 5: Validate details. Step 6: Success or re-ask. Step 7: Closing help. Human checkpoint: Fee structure -> owner alert.</i>
Techniques Applied	Advanced Workflow Design Conditional Routing 7-Step Sequential Pipeline Human-in-Loop Validation Logic Closing Protocol
Output Delivered	Complete automated enrollment system handling both inquiry and admission flows -- with validation logic, owner alerts for fee queries and 24/7 availability for students.
Business Value	Reduces 2 staff positions to zero for inquiry handling. Zero admission errors. 24/7 operation vs 9AM-5PM. Monthly saving: Rs.30,000 in salary. Annual saving: Rs.3,60,000+.
